

Dr. Greiche  
GLASS

“ACHIEVEMENT  
IS ALMOST AUTOMATIC  
WHEN THE GOAL BECOMES  
AN INNER  
COMMITMENT.”

*Denis Waitley*

# DR. GREICHE

Dr. Greiche Egypt is the leading glass processor in the Middle East and Africa. Providing quality glass solutions in the Automotive, building, decorative, home appliance, lighting and security sectors, as well as providing glass installation services.

Focusing on our exports, the “Dr. Greiche” trademark has reached more than 40 countries around the globe.

Our “definition” of GLASS has changed from a see-through, solid material to a high-performing product that guarantees protection, thermal & acoustic insulation, solar control and energy conservation.

Dr. Greiche’s philosophy focusing on client satisfaction and believing in the importance of post-sales services and maintenance leads to long-lasting partnerships with our clients.

Our competitive edge lies in our capability to bend and process larger than normal glass dimensions; our quality laboratories, applying the most up-to-date quality control tests and procedures, guarantee our customers an impeccable product.

Today, headquartered in Egypt’s 10th of Ramadan Area, Dr. Greiche employs approximately 1,650 employees and is still expanding...

# VISION

**O**ur vision is to be at the forefront of the global glass processing market by exceeding customer expectations and providing trust through safety, reliability and durability without compromising aesthetics.

Our position as leaders in the region and as pioneers in the Middle East and Africa lifts our vision to higher sights; building a name that is synonymous with exceeding international quality standards.

Through the efforts of our dedicated team, this vision has come to fruition in the region with aim of creating the same image for the Dr. Greiche brand throughout the world.

# MISSION

**I**ncreasingly invading new markets around the world while continuously gaining our clients' confidence and loyalty.

Delivering quality products that comply with and exceed international standards.

Maximum flexibility in providing our services to meet the expectation of a fast-changing world is our way of honoring our international customers.

# SUSTAINABILITY

**O**ur Environmental Management System helps us to achieve the environmental policy goals and manage the interaction between the plants and our corporate services. It enables us to monitor, control and reduce our impact on the environment playing a proactive role in protecting our world.

Our EMS provides us with a framework for the day-to-day activities and different factions within the company. It describes the environmental roles, responsibilities and organization at all levels of the company. It also helps us to monitor, audit and evaluate the environmental performance to take corrective and preventive actions whenever is necessary.
